DURING THE SUMMER HOLIDAYS

EVERYDAY

JULY 7 - AUGUST 30

« MIDDLE AGE CHALLENGES YOU ! »

2024 will be the year of all medieval challenges, stories of «de(s)porter», which in Latin means to distract, amuse and divert from the usual occupations. Every day during a summer visit, take on the challenge of the castle's comedians and «do sport»!

IN THE OUTER YARD : Physical Challenges.

Sport is health! It is necessary every day because life is rough. The maintenance of the body includes physical exercises, team games, jousting that prepare for daily work, military training and leisure, not excluding the hygiene of the body after all these activities.

IN THE KITCHEN : Culinary Challenges.

Eat well to feel fit and healthy. So cooking is an art of dietetics! Thanks to the virtues of cooked foods, we can prevent and cure while awakening the taste buds. It is also a prestigious art to amaze guests at large receptions.

IN THE STATELY HOME : Challenges of the mind.

A healthy body in a healthy mind! One can't go without the other for a perfect balance. One must cultivate and nourish one's moral force by knowledge : word games, riddles, board games, sciences and arts to forge one's mind of iron.

Daily events for visitors, in addition to exploring the castle.
